550 MULE™ TIRE KIT

REPLACEMENT TIRE KIT TRAIL WOLF 22-10-10 FRONT AND REAR.

This 4 ply tire fits all around on the 550 and 2500 Mules. The all terrain tire has a strong casing, runs smoothly on pavement and provides good off road traction.

This is the best tire we've found to replace the 22-9-10 front tire on the 550. It has good clearance and actually stands an inch taller the OEM tire.

BACKUP ALARM

REARVIEW MIRROR

The heavy duty wide angle mirror can be bolted to the channel inside the roof with the self tapping Tek screws provided;

Or, it can be mounted to the windshield frame above the Driver's side .

BREAKAWAY EXTERIOR MIRRORS

These 5x7" mirror heads adjust 360 degrees and rotate on the sturdy breakaway arm.

They mount to the side of the cab or doors.

550 HITCH RECEIVER

1 1/4" receiver fits on the rear cross tube.

Can be ordered with a ball-mount or with the receiver and utility bar.

SNAP ON PLASTIC WIND- SHIELD

The one piece plastic windshield attaches to the frame with sleeves that secure it to the roll cage. The unit can be safely trailered, forward, at reasonable highway speed

COOLING DEFROST FAN

The 2 speed fan plugs into the roof harness. 360 degree Swivel base.
