

Essex Transforms Utility Vehicles into Lightweight, Multipurpose All-Terrain vehicles tailored to your Emergency Response, Wildland Fire and Civil Support needs.

Utility Vehicle Ambulance

The Essex Utility Vehicle Ambulance is based on the proven Kawasaki Mule. The Operator Enclosure, Tandem axle extension and Custom medical bed are made by Essex Manufacturing.

The medical bed is 88" x 60" with an attendant station, a Full Gurney stall, Seven feet of Side lockers, an Aluminum Canopy and Vinyl Privacy Curtains.
